

Kettering Health is committed to meeting the healthcare needs of our community through the ministry of physical, mental, and spiritual healing. All patients, regardless of race, creed, sex, age, national origin, or financial status, may apply for financial assistance.

Availability of financial assistance: You may be able to get financial assistance if you do not have insurance, are underinsured, or if it would be a financial hardship to pay in full your expected out-of-pocket expenses for emergency and other medically necessary care that Kettering Health provides.

Eligibility: Kettering Health provides financial assistance based upon need. To determine need, we review your household income and compare it to the Federal Poverty Level guidelines set by the U.S. Department of Health and Human Services. We also review the number of charges for which you are responsible. You may be ineligible for financial assistance if you have sufficient insurance coverage, or if we determine your income is enough to pay for care.

Financial assistance offered: If you and/or the party responsible for payment has combined income equal to or below 250 percent of the Federal Poverty Level guidelines, you will have no financial responsibility for the care that Kettering Health provides. If you fall between 251 percent and 400 percent of the guidelines, you may qualify for discounted rates for our care.

Application process: To apply for financial assistance, complete the application available at any one of our hospital registration departments listed below or visit ketteringhealth.org/financial. Return completed application with proof of income, which may include pay stubs or other documents containing income information for the appropriate time period (3 or 12 months prior to hospital facility services). Completed application may be

1. Mailed to Kettering Health Financial Assistance P.O. Box 933310, Cleveland, OH 44193;
2. Faxed to (937) 522-9944; or
3. Emailed to financialcounselors@ketteringhealth.org

Charges not to exceed amounts generally billed: If you are eligible for financial assistance under this policy, Kettering Health will not charge more for your emergency or other medically necessary care than the amounts we generally bill to individuals who have insurance for such care. In certain cases, we may presume you are eligible for financial assistance if you already qualify for certain types of governmental aid.

How to obtain copies of our financial assistance documents: Our Financial Assistance Policy and the Financial Assistance Application Form are available free of charge through:

- Kettering Health's website at ketteringhealth.org/financial;
- Kettering Health emergency departments and registration areas;
- Mail or email by contacting a financial counselor (financialcounselors@ketteringhealth.org)
