Helping you be your best

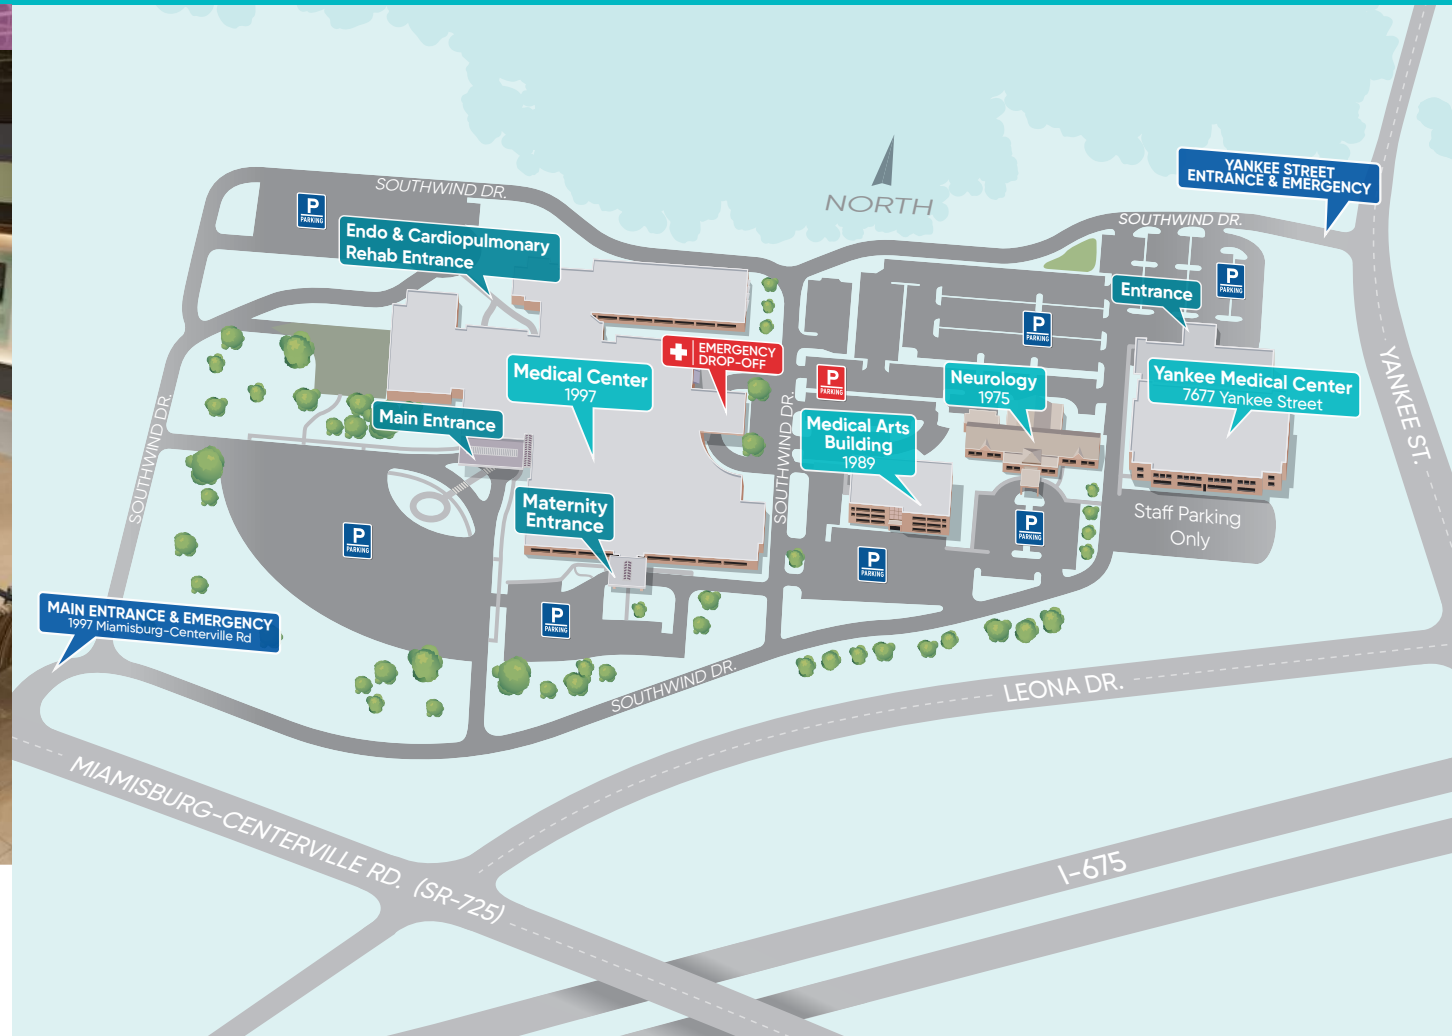

Since opening in 1978, Kettering Health Washington Township has been providing Greater Dayton residents with exceptional healthcare services. Like its sister organization, Kettering Health Dayton, Kettering Health Washington Township is an osteopathic teaching hospital. Whether you are welcoming a new baby at our maternity center; visiting our emergency department; receiving general surgery; seeing a GI specialist; or receiving hand care at the Hand and

Orthopedic Center of Excellence, the region's most advanced facility for hand surgery and hand trauma needs, we're here for you.

The campus also includes Yankee Medical Center and the Medical Arts Center, which provide outpatient services, including orthopedic and cardiology services, physical therapy, imaging, neurology, and OB-GYN.
