About Us

In 1925, a group of dedicated citizens came together to create a new hospital in Hamilton, Ohio. With donations from more than 8,000 residents, the group raised an amazing \$500,000 in just two weeks. Thanks to the generous support of the community, Kettering Health Hamilton began serving patients in May of 1929.

Today Kettering Health Hamilton is a full-service, community hospital licensed for 220 beds. We continue to lead the way to better health in the Butler County area, serving patients from Fairfield, Oxford, Cincinnati and Middletown.

We combine modern technology and highly-skilled physicians with a friendly, caring staff. Kettering Health Hamilton offers many inpatient and outpatient services, including the following programs:

- Emergency Care (Heart Attack & Stroke)
- Heart & Vascular Care
- Cancer Care
- Orthopedic & Sports Medicine Surgery
- Surgery: Abdominal, ENT, GYN, Urology
- Women's Health & Maternity Care
- Wound Healing
